ONE of the things that Mr. Bryan makes very plain in his speeches is that he is in favor of a government by the people and not by syndicates.

A NOVEL bet has been made in Milwankee by two men of opposite opinions. One is to leave the country if Bryan is elected and the other will take his departure if McKinley is elected. If Palmer should happen to be elected it is believed that both will leave the country.

THE Colorado letter from Editor White in to-day's LEDGER is particularly interesting, in that it is descriptive of a section of country that a large number of persons in these parts have visited, and its perusal, therefore, will bring to mind pleasant recollections. M. F. Doup, State chairman of the National Silver party, denies that he has been ousted from the chairmanship. J. D. Clarkson, who claims to have deposed Doud, is now looking over the field. He claims that Doud has collected nearly \$4,000 and has accounted for only \$100. Doud says the charges are ridiculous. The committee which is supposed to have deposed him consisted of F. D. Ransom, of St Joseph, J. D. Clarkson, of Carthage, and Fred English, of Kansas City.

SENATOR MURPHY, one of the bes posted politicians in the east, says: "I have been watching the political movement closely, and have advices from all parts of the State. I am confident that Mr. Bryan will be elected, and I expect to see him carry New York State. The Republicans are doing the shouting now, but after the Buffalo Convention has completed its work you will see a marked change in the situation." The senator also says the Indianapolis ticket was put up only to catch "fool Democrats."

THE Republicans have given it up in Missouri. Some time ago Chauncey I. Filley, chairman of the Republican State Central Committee, started to poll Missouri. The returns from the poll are beginning to come in. A majority of the counties in the State have been heard from. Nearly all the Congressional districts have reported.
